Dear Janna Konsti

I kindly ask you to be my representative about all my issues on the Finland territory

As to the situation with house (Rengastie 61, 57710 SAVONLINNA).everything is ready for finishing the cottage, and I wanted to start final construction last February/March 2020, but the COVID pandemic stopped me, I was not able to come to Finland from Russia, or to sign any papers , or to pay etc.. That's why I kindly ask to extend my timing of house construction without any penalties or fees till the ending of pandemy, I will need 3-6 months to finish all building after pandemy

Thank you! Best regards !

Miss Savonlinna ..

Vsevolod Shevelev
